About TC Energy

We're a team of 7,000+ energy problem solvers working to move, generate and store the energy North America relies on. Today, we're taking action to make that energy more sustainable and more secure – while innovating and modernizing to reduce emissions from our business. Along the way, we invest in communities and partner with our neighbours, customers and governments to build the energy system of the future.

Our vision

To be North America's premier energy infrastructure company, now and in the future.

AN UNPARALLELED ASSET BASE

As of December, 2023

Natural Gas Pipelines

- One of North America's largest natural gas pipelines networks which extends more than 93,600 kilometres (58,100 miles)
- Our network safely transports approximately 30 per cent of the natural gas required to meet energy demand across the continent every day
- One of the largest natural gas storage operators with approximately 650 billion cubic feet of capacity

Liquids Pipelines

- Directly connects one of the largest global oil reserves, the WCSB, to the largest refining markets in the U.S. Midwest and Gulf Coast
- Underpinned by long-term commercial structures this irreplaceable system serves a highly strategic corridor

Power and Energy Solutions

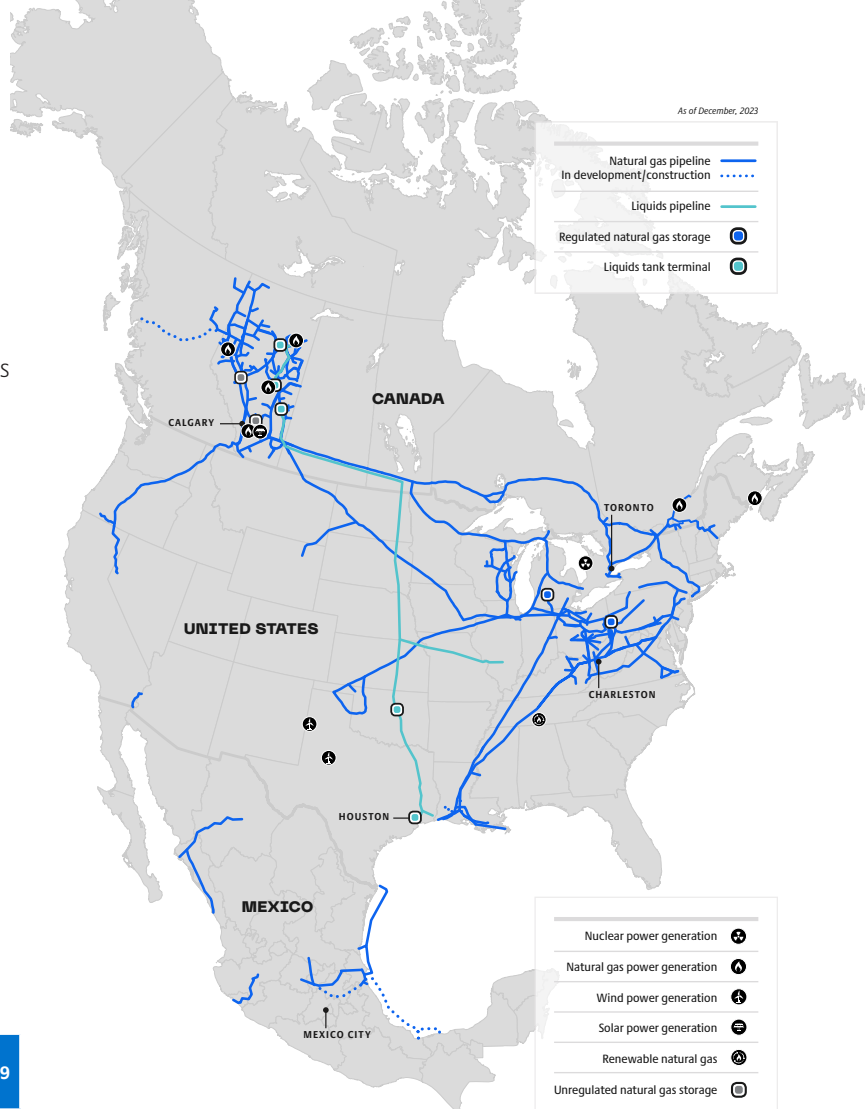

- Portfolio has the capacity to provide 4,600 MW of electricity
- Over 75 per cent of that capacity is emission-less
