

Leslie Kass

Executive Vice-President, Technical Centre

As Executive Vice-President, Technical Centre reporting to Paul Miller, Ms. Kass has responsibility for all central technical functions including engineering, construction management systems and processes, safety, quality and compliance, security, emergency management and resource capability management.

Prior to joining TC Energy, Ms. Kass has served as President and Chief Executive Officer of Babcock & Wilcox Enterprises Inc. (B&W). She has also held progressively senior positions with B&W and in the energy sector for over 25 years.

Ms. Kass is a results-oriented leader with extensive experience that includes engineering, finance, operations, project management, business development and regulatory affairs. Having led significant acquisition integrations, divestitures and enterprise initiatives, Leslie brings a wealth of knowledge that spans North American and international markets.

Ms. Kass holds a Master of Business Administration degree from Duke University Fuqua School of Business in Durham, North Carolina and a Bachelor of Science degree from the Massachusetts Institute of Technology.

TC Energy

TC Energy and its affiliates deliver the energy millions of people rely on every day to power their lives and fuel industry. Focused on what we do and how we do it, we are guided by core values of safety, responsibility, collaboration and integrity. Our more than 7,000 people are committed to sustainably developing and operating pipeline, power generation and energy storage facilities across Canada, the U.S. and Mexico.

TC Energy's common shares trade on the Toronto (TSX) and New York (NYSE) stock exchanges under the symbol TRP. Visit [TCEnergy.com](https://www.tceenergy.com) and [connect with us on social media](#) to learn more.
