Notes to unaudited consolidated financial statements

1. DESCRIPTION OF BUSINESS AND OWNERSHIP

"We," "our," "us," and "the Company" refer to Columbia Pipelines Holding Company LLC ("CPHC") and its subsidiaries that were formed as part of the corporate restructuring of its parent, Columbia Pipeline Group, Inc. ("CPG"), a direct subsidiary of TransCanada PipeLine USA Ltd ("TCPL USA"). In October 2023, CPG entered into an agreement and sold 40 percent in CPHC to GIP Pilot Acquisition Partners, LP ("GIP"), an affiliate of Global Infrastructure Partners. TCPL USA is a direct wholly-owned subsidiary of TC Energy.

Each Members' Interest in CPHC is represented by two classes of Units, Class A and B Units. As of March 31, 2026, the total units and ownership percentages held by each member in CPHC are as follows:

Member	Class A Units	Percentage Interest	Class B Units	Percentage Interest
Columbia Pipeline Group, Inc. ("CPG")	5,720,130,924	59.1649 %	99	99 %
Columbia Pipelines Intermediate LLC ("CPIC")	80,733,608	0.8351 %	1	1 %
GIP Pilot Acquisition Partners, LP ("GIP")	3,867,243,021	40 %	—	— %
Total	9,668,107,553	100 %	100	100 %

Through our wholly owned subsidiary, Columbia Pipelines Operating Company LLC ("CPOC"), we indirectly own the following natural gas transportation and storage assets, which are regulated by the Federal Energy Regulatory Commission ("FERC"):

Columbia Gas Transmission Company, L.L.C.

Columbia Gas Transmission Company, L.L.C. ("Columbia Gas") is engaged in the transportation and/or storage of natural gas through interstate pipeline systems located in Delaware, Kentucky, Maryland, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Virginia, and West Virginia.

Columbia Gulf Transmission Company, L.L.C.

Columbia Gulf Transmission Company, L.L.C. ("Columbia Gulf") is engaged in the transportation of natural gas through interstate pipeline systems located in Kentucky, Louisiana, Mississippi, and Tennessee.

2. ACCOUNTING POLICIES

Basis of Presentation

The consolidated financial statements of CPHC have been prepared by management in accordance with United States Generally Accepted Accounting Principles ("GAAP"). The accounting policies applied are consistent with those outlined in CPHC's annual audited consolidated financial statements for the year ended December 31, 2025.

These financial statements do not include all disclosures required in the annual financial statements and should be read in conjunction with the annual audited consolidated financial statements and notes thereto for the year ended December 31, 2025 which contain a more comprehensive summary of the Company's significant accounting policies. The results of operations for the three months ended March 31, 2026 and 2025 are not necessarily indicative of the results that may be expected for the full fiscal year.

Use of Estimates and Judgments

The preparation of financial statements requires management to make estimates and assumptions that affect both the amount and timing of recording assets, liabilities, revenues and expenses since the determination of these items may be dependent on future events. Management uses the most current information available and exercises careful judgment in making these estimates and assumptions. Actual results could differ from these estimates. Certain prior year amounts have been reclassified to conform to current year presentation.

3. REVENUES

Disaggregation of Revenues

The following table summarizes our total Revenues:

<i>(unaudited)</i> <i>(millions of dollars)</i>	Three months ended March 31,	
	2026	2025
Revenues from contracts with customers:		
Capacity arrangements and transportation	752	656
Natural gas storage and other	151	116
	903	772
Other revenues ¹	—	1
	903	773

¹ Other revenues primarily include amortization of the OPEB Tracker regulatory liability on Columbia Gas as well as natural gas processed by others.

For certain natural gas pipeline capacity and storage contracts, amounts are invoiced to the customer in accordance with the terms of the contract; however, the related revenues are recognized when the Company satisfies its performance obligation to provide committed capacity ratably over the term of the contract. This difference in timing between revenue recognition and amounts invoiced creates a contract asset or contract liability.

Contract Balances

<i>(unaudited - millions of dollars)</i>	March 31, 2026	December 31, 2025
Receivables from contracts with customers ¹	299	297
Contract Liabilities ²	(10)	(5)

¹ Majority of the balance here is recorded as Trade accounts receivable (Note 4) reported as Accounts receivable and other in the Balance sheet.

² Comprised of current deferred revenue and current deferred credits recorded in Accounts Payable and other on the Balance sheet.

4. ACCOUNTS RECEIVABLE AND OTHER

The following table summarizes total Accounts receivable and other:

<i>(unaudited - millions of dollars)</i>	March 31, 2026	December 31, 2025
Trade account receivables, net of allowance of nil million for March 31, 2026 and December 31, 2025, respectively	299	297
Imbalance receivable	53	67
Other	4	5
	356	369

5. OTHER CURRENT ASSETS

The following table summarizes total Other current assets:

<i>(unaudited - millions of dollars)</i>	March 31, 2026	December 31, 2025
Regulatory assets (Note 6)	9	11
Prepaid expenses	11	9
Deferred debits	7	7
	27	27

6. REGULATORY MATTERS

The Company's regulatory assets and liabilities represent future revenues that are expected to be recovered from or refunded to customers based on decisions and approvals by the FERC. Depending on whether they are current or long-term in nature, Regulatory Assets are included on the balance sheet as either Other current assets or Regulatory Assets; Regulatory Liabilities are included in Accounts payable and accrued interest or Regulatory Liabilities.

The Company operates under the provisions of the Natural Gas Act of 1938, the Natural Gas Policy Act of 1978 ("NGA") and the Energy Policy Act of 2005, and are subject to the jurisdiction of the FERC. The NGA grants the FERC authority over the construction and operation of pipelines and related facilities, including the regulation of tariffs which incorporates maximum and minimum rates for services and allows regulated natural gas pipelines to discount or negotiate rates on a non-discriminatory basis.

The Company's regulatory assets and liabilities are summarized below:

Regulatory Assets and Liabilities

<i>(unaudited)</i> <i>(millions of dollars)</i>	March 31, 2026	December 31, 2025	Remaining Recovery/ Settlement Period
Regulatory Assets			
Other	9	11	<i>See note 2</i>
Total Regulatory Assets	9	11	
Less: Current portion included in Other current assets <i>(Note 5)</i>	9	11	
Total non-current Regulatory Assets	—	—	
Regulatory Liabilities			
Cost of removal	142	142	<i>See note 3</i>
Fuel Tracker	22	9	<i>See note 1</i>
Other	3	—	
Total Regulatory Liabilities	167	151	
Less: Current portion included in Accounts payable and other <i>(Note 7)</i>	25	9	
Total non-current Regulatory Liabilities	142	142	

- Fuel tracker assets or liabilities represent the over or under recovery of Columbia Gulf's Transportation Retainage Adjustment which is settled with in-kind exchanges with customers continuously. Columbia Gas' Transportation Retainage Adjustment & other tracked over or under recoveries are being recorded under Deferred Debits (Other current assets on the Balance Sheet) or Deferred Credits (Accounts payable and other on the Balance Sheet) consistent with its FERC approved Tariff. For the three months ended March 31, 2026, Columbia Gas recorded a liability of \$4 million within Accounts payable and other *(Note 7)* and an asset of \$5 million within Other current assets *(Note 5)* related to these trackers. For the year ended December 31, 2025, Columbia Gas recorded a liability of \$9 million within Accounts payable and other *(Note 7)* related to these trackers and an asset of \$6 million within Other current assets *(Note 5)* related to these trackers.
- Majority of this balance pertains to the Company's recovery of FERC's annual charges passed on to the Company's customers.
- The Company collects an allowance for cost of removal related to the orderly recoupment of funds to cover current and future retirement costs of certain transmission and storage facilities. Costs associated with abandonment of these facilities are recorded against the negative salvage balance as incurred over time. A cost of removal liability represents funds collected associated with future abandonment costs. The Company is required to operate and maintain its natural gas pipeline system and intends to do so as long as supply and demand for natural gas exists, which the Company expects for the foreseeable future. Therefore, the timing of abandonment of facilities and the recovery period is not determinable.

Columbia Gulf Settlement

Columbia Gulf operates under a settlement approved by FERC in August 2023, effective March 1, 2024 ("2023 Columbia Gulf Settlement"). The 2023 Columbia Gulf Settlement included a moratorium on further rate changes through February 28, 2027, and Columbia Gulf must file for new rates no later than March 1, 2029.

Columbia Gas Rate Case

Columbia Gas operates under a settlement approved by FERC in October 2025, effective April 1, 2025 ("2025 Columbia Gas Settlement"). The 2025 Columbia Gas Settlement included a moratorium on further rate changes until March 31, 2028, and Columbia Gas must file for new rates with an effective date no later than April 1, 2031. The settlement also included additional rate step ups in April 2026 and April 2027 to reflect anticipated modernization-related spend. In fourth quarter 2025, previously accrued rate refund liabilities, including interest, were refunded to customers.

7. ACCOUNTS PAYABLE AND OTHER

The following table summarizes the breakdown of total Accounts payable and other:

<i>(unaudited)</i> <i>(millions of dollars)</i>	March 31, 2026	December 31, 2025
Accounts payable and accrued liabilities	301	361
Taxes other than income	229	313
Imbalance payable	31	53
Regulatory liabilities <i>(Note 6)</i>	25	9
Interest payable	150	144
Deferred credits and other	14	14
	750	894

8. DEBT

Long-Term Debt

The Company's long-term debt is summarized below:

<i>(unaudited)</i> <i>(millions of dollars)</i>	Maturity Dates	March 31, 2026	December 31, 2025
Columbia Pipelines Holding Company			
6.055% Senior Unsecured Notes	8/15/2026	300	300
6.042% Senior Unsecured Notes	8/15/2028	700	700
5.681% Senior Unsecured Notes	1/15/2034	500	500
5.097% Senior Unsecured Notes	10/1/2031	400	400
4.999% Senior Unsecured Notes	11/17/2032	750	750
Unamortized debt discount and issue costs		(14)	(14)
Columbia Pipelines Operating Company			
5.800% Senior Unsecured Notes	6/1/2045	500	500
5.927% Senior Unsecured Notes	8/15/2030	750	750
6.036% Senior Unsecured Notes	11/15/2033	1,500	1,500
6.497% Senior Unsecured Notes	8/15/2043	600	600
6.544% Senior Unsecured Notes	11/15/2053	1,250	1,250
6.714% Senior Unsecured Notes	8/15/2063	500	500
5.695% Senior Unsecured Notes	10/1/2054	400	400
5.439% Senior Unsecured Notes	2/15/2035	550	550
5.962% Senior Unsecured Notes	2/15/2055	450	450
Unamortized debt discount and issue costs		(49)	(50)
Less: current portion		300	300
Total Long-Term Debt		8,787	8,786

On March 6, 2025 CPOC closed an unregistered offering for senior unsecured notes for an aggregate principal amount of \$550 million due 2035, with a fixed interest rate of 5.439%. The net proceeds from the issuance were used for refinancing a portion of its 4.500% Senior Unsecured Notes in advance of its June 1, 2025 maturity date.

On March 6, 2025 CPOC closed an unregistered offering for senior unsecured notes for an aggregate principal amount of \$450 million due 2055, with a fixed interest rate of 5.962%. The net proceeds from the issuance were used for refinancing a portion of its 4.500% Senior Unsecured Notes in advance of its June 1, 2025 maturity date.

On November 12, 2025 CPHC closed an unregistered offering for senior unsecured notes for an aggregate principal amount of \$750 million due 2032, with a fixed interest rate of 4.999%. The net proceeds from the issuance were used for general corporate purposes, including to fund a cash distribution to our members.

CPHC is not required to maintain any financial covenants with respect to its Senior Unsecured Notes. Under the terms of the Credit Facility, CPHC is required to maintain a Consolidated Funded Obligations to Consolidated Total Capitalization ratio (calculated as the sum of long-term debt, the related interest payable, and capital lease obligations divided by the sum of members' equity and Consolidated Funded Obligations) that would not be in excess of 0.65 to 1.00. At March 31, 2026, the ratio was 0.5 to 1.00.

Notes Payable

<i>(unaudited - millions of dollars)</i>		2026			2025	
Borrower	Description	Matures	Total Facility	Unused Capacity¹	Total Facility	
CPHC	Revolving credit facility (Credit Facility) supports commercial paper program and general corporate purposes	12/6/2027	\$ 1,500	656	\$ 1,500	

¹ Unused capacity is net of commercial paper outstanding and facility draws and represents the Credit Facility balance available for future borrowing.

On December 6, 2024, CPHC executed an amendment to the three-year Credit Facility that increased the total capacity to \$1.5 billion from \$1.0 billion and extended the termination date to December 2027 from August 2026. The credit facility supports a commercial paper program and provides short-term liquidity for general corporate purposes. Unused capacity on the Credit Facility is net of commercial paper outstanding and facility draws. During the three months ended March 31, 2026, the Company issued \$1.4 billion of commercial paper (December 31, 2025 - \$1.7 billion). CPHC had \$844 million of commercial paper outstanding at March 31, 2026 (December 31, 2025 - \$390 million). There were no outstanding facility draws at March 31, 2026 and December 31, 2025. The interest rate for the Credit Facility and the commercial paper program is based on Secured Overnight Financing Rate ("SOFR") plus an applicable market-based spread. The weighted average interest on Credit Facility activity is as follows:

<i>(unaudited)</i>	Three months ended March 31,	
Weighted Average Interest Rate (Credit Facility)	2026	2025
Facility draws	— %	— %
Commercial paper activity	4.00 %	4.65

Principal Repayments

The principal repayments required by CPHC on its consolidated debt are as follows:

<i>(unaudited)</i> <i>(millions of dollars)</i>	Total	2026	2027	2028	2029	2030	After
Columbia Pipelines Holding Company							
Credit Facility	—	—	—	—	—	—	—
6.055% Senior Unsecured Notes	300	300	—	—	—	—	—
6.042% Senior Unsecured Notes	700	—	—	700	—	—	—
5.681% Senior Unsecured Notes	500	—	—	—	—	—	500
5.097% Senior Unsecured Notes	400	—	—	—	—	—	400
4.999% Senior Unsecured Notes	750	—	—	—	—	—	750
Columbia Pipelines Operating Company							
5.927% Senior Unsecured Notes	750	—	—	—	—	750	—
6.036% Senior Unsecured Notes	1,500	—	—	—	—	—	1,500
6.497% Senior Unsecured Notes	600	—	—	—	—	—	600
6.544% Senior Unsecured Notes	1,250	—	—	—	—	—	1,250
6.714% Senior Unsecured Notes	500	—	—	—	—	—	500
5.800% Senior Unsecured Notes	500	—	—	—	—	—	500
5.695% Senior Unsecured Notes	400	—	—	—	—	—	400
5.439% Senior Unsecured Notes	550	—	—	—	—	—	550
5.962% Senior Unsecured Notes	450	—	—	—	—	—	450
Total Repayments	9,150	300	—	700	—	750	7,400

CPHC has \$300 million of 6.055% Senior Unsecured Notes maturing August 15, 2026. CPHC maintains sufficient liquidity, including access to its \$1.5 billion committed revolving credit facility, to satisfy obligations as they come due.

Net Interest Expense

The net interest expense recorded during the period is summarized below:

<i>(unaudited)</i> <i>(millions of dollars)</i>	Three months ended March 31,	
	2026	2025
Interest on long-term debt	136	125
Interest on Credit Facility	5	—
Interest income	(1)	—
Amortization and other financial charges	2	2
	142	127

9. OTHER LONG-TERM LIABILITIES

<i>(unaudited)</i>		
<i>(millions of dollars)</i>	March 31, 2026	December 31, 2025
Operating lease obligation	8	8
Asset retirement obligations ¹	10	9
Deferred tax liability ²	6	5
	24	22

^{1.} The majority of our remaining asset retirement obligations relate to certain polychlorinated biphenyl ("PCB") remediation. As part of our process of assessing the estimated asset retirement obligation, we have re-evaluated our asset retirement obligations and determined that due to the construction status underway with the pipeline modernization settlement and the completion of certain key expansion projects to integrate the new expansion pipelines with our existing pipeline infrastructure, the timing of settlement of the remediation activity of the historically recognized asset retirement obligations is indeterminable as we are required to operate and maintain its natural gas pipeline system, and intends to do so as long as supply and demand for natural gas exists, which we expect for the foreseeable future. Therefore, we believe our natural gas pipeline system assets have indeterminate lives and, accordingly, have recorded no asset retirement obligation outside of the PCB remediation under an EPA order. We continue to evaluate asset retirement obligations and future developments that could impact amounts it records.

^{2.} The amount accrued here pertains to deferred taxes associated with Columbia Gulf's filing of Tennessee state franchise & excise taxes.

10. FAIR VALUE MEASUREMENT

Fair Value Hierarchy

Our financial assets and liabilities recorded at fair value have been categorized into three categories based on a fair value hierarchy.

Levels	How fair value has been determined
Level I	Quoted prices in active markets for identical assets and liabilities that we have the ability to access at the measurement date. An active market is a market in which frequency and volume of transactions provides pricing information on an ongoing basis.
Level II	Valuation based on the extrapolation of inputs, other than quoted prices included within Level I, for which all significant inputs are observable directly or indirectly. Inputs include published interest rates, interest rate swap curves, yield curves and broker quotes from external data service providers. This category includes interest rate derivative assets and liabilities where fair value is determined using the income approach and commodity derivatives where fair value is determined using the market approach. Transfers between Level I and Level II would occur when there is a change in market circumstances.
Level III	Valuation of assets and liabilities are measured using a market approach based on extrapolation of inputs that are unobservable or where observable data does not support a significant portion of the derivative's fair value. This category mainly includes long-dated commodity transactions in certain markets where liquidity is low and the Company uses the most observable inputs available or, if not available, long-term broker quotes to estimate the fair value for these transactions. Assets and liabilities measured at fair value can fluctuate between Level II and Level III depending on the proportion of the value of the contract that extends beyond the time frame for which significant inputs are considered to be observable. As contracts near maturity and observable market data becomes available, they are transferred out of Level III and into Level II.

Fair Value of Financial Instruments

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The carrying value of "cash and cash equivalents," "accounts receivable and other," "related party receivable and payable," "accounts payable and other," and "notes payable" approximate their fair values because of the short maturity or duration of these instruments, or because the instruments bear a variable rate of interest or a rate that approximates current rates.

The fair value of the Company's fixed rate debt is estimated by discounting the future cash flows of each instrument at estimated current borrowing rates, which is classified as Level II in the "Fair Value Hierarchy" where the fair value is determined by using valuation techniques that refer to observable market data. At March 31, 2026, the fair value of the Company's long-term debt was \$9.4 billion (December 31, 2025 - \$9.5 billion).

We have classified the fair value of natural gas imbalances as a Level II of the fair value hierarchy for fair value disclosure purposes, as the valuation approach includes quoted prices in the market index and observable volumes for the imbalance.

11. CHANGES IN OTHER OPERATING ASSETS AND LIABILITIES

<i>(unaudited)</i> <i>(millions of dollars)</i>	March 31, 2026	March 31, 2025
(Increase)/decrease in Accounts receivable and other receivables	13	(5)
(Increase)/decrease in Related party receivable	(1)	1
(Increase)/decrease in Regulatory assets and liabilities	18	25
(Increase)/decrease in Other current assets	(2)	(1)
(Decrease)/increase in Accounts payable and other	(117)	(96)
Changes in other operating assets and liabilities	(89)	(76)

12. RELATED PARTY TRANSACTIONS

Cash Management Program

CPOC, Columbia Gas, and Columbia Gulf (collectively, "CPHC's subsidiaries") participate in CPHC's cash management program which matches short-term cash surplus and needs of CPHC's subsidiaries, thus minimizing the total borrowings from outside sources. Monies advanced under the program are considered to be a loan, accruing interest and repayable on demand. CPHC's subsidiaries receive interest on monies advanced to CPHC at the rate of interest earned by CPHC on short-term cash investments. CPHC's subsidiaries pay interest on monies advanced from CPHC based on CPHC's short-term borrowing costs.

Operation and Maintenance Services Agreement

The Company has contracted Columbia Pipelines Management Company LLC ("CPMC"), subject to the Company's overall management, supervision, and control, to be responsible for the day-to-day management of the Company's affairs as defined in the Operating and Maintenance Services Agreement ("OMSA"), and CPMC utilizes the services of TC Energy and its related parties (collectively, "TC Energy") for management services related to the Company. Total costs incurred by the Company for these services provided by TC Energy are summarized in next paragraph below.

Affiliate Revenues and Expenses

Columbia Gas has a Retained Asset Capacity Agreement with Millennium at an annual expense of \$5.6 million to retain capacity on Millennium's pipeline that automatically renews on a year-to-year basis with FERC approval required to terminate the agreement.

During the normal course of operation, the Company earned revenue of nil million for the three months ended March 31, 2026 and 2025, from affiliates for transportation of natural gas. For the three months ended March 31, 2026 and 2025, the Company incurred operating expenses related to transportation of natural gas and administrative costs amounting to \$112 million and \$105 million, respectively. For the three months ended March 31, 2026 and 2025, the Company also incurred capital charges from affiliates amounting to \$34 million and \$31 million, respectively.

At March 31, 2026 and December 31, 2025, amounts due to/from affiliates are included in the consolidated balance sheets under the captions "Related party receivable" and "Related party payable".

Distributions and Contributions

The Company makes Class A and Class B cash distributions to its partners with respect to each calendar quarter within 30 days after the end of each quarter. Distributions are based on available cash, as defined in the Company's Amended and Restated Limited Liability Company Agreement ("LLC Agreement") which includes all cash and cash equivalents of the Company and working capital borrowings less reserves established by the Company's Operator, CPMC, to provide proper conduct of the Company's business. The total Class A distribution declared by CPHC is allocated pro rata based on ownership percentages in each of the members' capital accounts. The Class A distribution payments are generally allocated in the same manner but subject to adjustments if certain agreed upon cost allocation targets set by the Operator changed by more than 5%. If the target is above 5%, CPG and CPIC will share pro-rata a portion

of the distribution attributable to them to GIP. Similarly, if the target is below 5%, GIP will share pro-rata a portion of its distribution allocation to CPG and CPIC.

Class A Distributions

On March 18, 2026, CPHC's Board of Managers approved a distribution to the Class A members from profits in the amount of \$675 million, to be allocated to the Class A members in accordance with each of their respective percentage interests, which the Company paid on March 31, 2026.

Class B LPS Funding Contribution

The LLC Agreement requires capital contributions from each Class B member to fund specific Class B Business activities ("LPS expenses") upon a majority vote of CPHC's Board of Managers and in accordance with each Class B member's percentage interest. On February 23, 2026, the CPHC Board of Managers approved a contribution in the aggregate amount of \$33 million from both Class B members to fund LPS expenses, which was paid on February 27, 2026.

Special Distribution

The LLC Agreement required CPHC to make a one-time \$35 million special distribution to GIP, funded by Class B members, if the Class B members cannot fully divest its Class B Business by January 31, 2025. CPHC completed this distribution on January 30, 2025, using contributions from Class B members and such activity was reflected under GIP's equity account.

Class A LPS Funding Contribution, Class B Modeled Returns Distribution

The LLC Agreement requires that Class A members of CPHC make fixed capital contributions for specific Class B Business activities ("Class A LPS Funding Contribution"). In return, Class B members provide a fixed distribution to Class A members ("Class B Modeled Returns Distribution"). For the period ending March 31, 2026, these activities were recorded under Class A members' equity accounts. The total Class A LPS Funding Contribution was nil (December 31, 2025 - \$3.3 million), while the total Class B Modeled Returns Distribution was nil (December 31, 2025 - nil).

13. COMMITMENTS AND CONTINGENCIES

Commitments

The Company has capital expenditure commitments related to construction costs associated with modernization projects on Columbia Gas. Capital expenditure commitments include obligations related to the construction of growth projects and are based on the projects proceeding as planned. Changes to these projects, including cancellation, would reduce or possibly eliminate these commitments as a result of cost mitigation efforts.

Contingencies

The Company is subject to laws and regulations governing environmental quality and pollution control. At March 31, 2026, the Company had accrued approximately \$0.5 million (December 31, 2025 - \$0.6 million) of environmental liabilities related to operating its facilities, which represents the estimated future amount it expects to expend to remediate the sites. However, additional liabilities may be incurred as assessments occur and remediation efforts continue.

The Company is subject to various legal proceedings, arbitrations and actions arising in the normal course of business. The Company will accrue a liability related to such matters when an obligation becomes probable and can be estimated. The Company is not aware of any legal matters that would have a material impact on the Company's financial position, results of operations, or cash flows as of March 31, 2026.

14. SUBSEQUENT EVENTS

Subsequent events have been evaluated through May 19, 2026, the date these financial statements were available to be issued and concluded there were no events or transactions during this period that would require recognition or disclosure in the financial statements other than what is disclosed here and/or those already disclosed in the preceding notes.
