About TC Energy

We're a team of 6,500+ energy problem solvers working to safely move, generate and store the energy North America relies on. Today, we're delivering solutions to the world's toughest energy challenges – from innovating to deliver the natural gas that feeds LNG to global markets, to working to reduce emissions from our assets, to partnering with our neighbours, customers and governments to build the energy system of the future. It's all part of how we continue to deliver sustainable returns for our investors and create value for communities.

Our vision

To be the trusted leader in North America's energy infrastructure, committed to excellence in safety, performance, and stakeholder relationships.
