

Open House Events North Montney Mainline Project

Community Event

Would you like to learn more about compressor stations? Do you have questions about the proposed North Montney Mainline project? TransCanada will be hosting a community event in Dawson Creek to provide information about the project, and team members will be on hand to answer your questions.

About the Project

The proposed Project includes a natural gas pipeline, three compressor stations, as well as a number of meter stations. The pipeline is approximately 305 kilometres in length, and begins at a point approximately 35 km southwest of Fort St. John to an end point about 187 km northwest of Fort St. John. The proposed project will safely deliver sweet natural gas to the existing NGTL System and will create opportunities for local and Aboriginal businesses and annual property tax revenues.

City of Dawson Creek
Kin Arena, 1101 – 106th Ave

Date: January 28, 2014

Time: 5 – 8 p.m.

For more information, please call our project information line at 1.855.895.8753 or email us at: NorthMontney@TransCanada.com.

Everyone is welcome. We hope to see you there.
