Notice of Public Hearing and Application to Participate – Sundre Crossover

The National Energy Board (NEB), has received an application from NOVA Gas Transmission Ltd. (NGTL) for approval to construct the proposed Sundre Crossover Project, consisting of approximately 21 km of 1,067 mm (NPS 42) outside diameter (OD) pipe to transport sweet natural gas from the upstream (north) connections on the existing NPS 30 Edson Mainline (Jackson Section) and the NPS 42 Edson Mainline Loop (Sundre Section), both in SW 13-33-5 W5M, to the downstream (south) connections on the existing NPS 42 Western Alberta System Mainline Loop (Cremona Section) and NPS 36 Western Alberta System Mainline (Airdrie Section), both in SE 23-31-5 W5M.

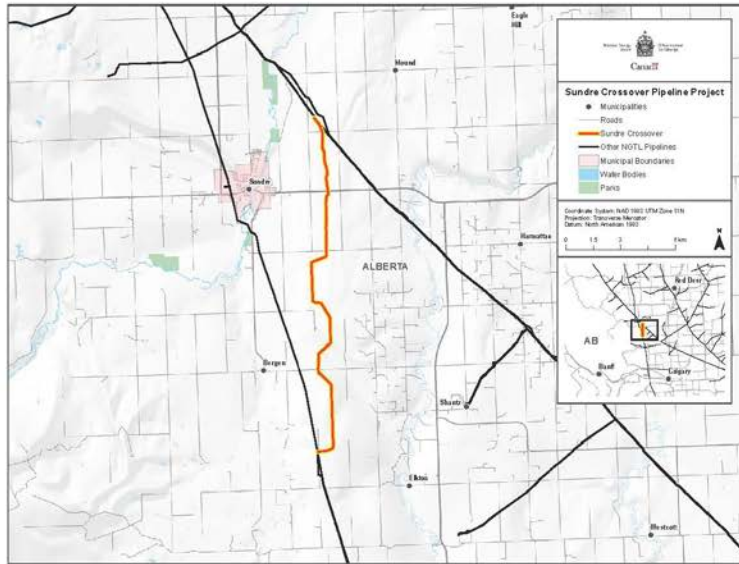

Participating in this Hearing

The NEB will hold a public hearing for the Sundre Crossover. An information session will be held in Sundre, AB on 15 September 2017. Information on the session will be posted at www.neb-one.gc.ca/sundrecrossover.

The NEB must hear from anyone directly affected by the project and may hear from those who have relevant information or expertise.

You must apply to participate by submitting an online application form. There are typically two ways you can participate in a hearing:

- **Commenter** - share your views on the project with the NEB in a written Letter of Comment.
- **Intervenor** - ask questions, present evidence, answer questions about your evidence, and give a final argument. Intervenor status may be eligible for participant funding. Learn more at www.neb-one.gc.ca/pfp.

The deadline for applying to participate in this hearing is 22 September 2017 at 4:00 pm MST. The Application to Participate form will be available at www.neb-one.gc.ca/applytoparticipate starting 8 September 2017. The Board will review each application and will inform everyone who applied whether or not they will be allowed to participate and how.
