

TC Energy periodically provides information beginning at the early stages of project development, including prospecting, continuing throughout the life of assets. The information provided is intended to give people the opportunity for meaningful input and inform interested parties of our activities. Please be aware that as planning progresses, new information becomes available and details may change from the time of this printing.

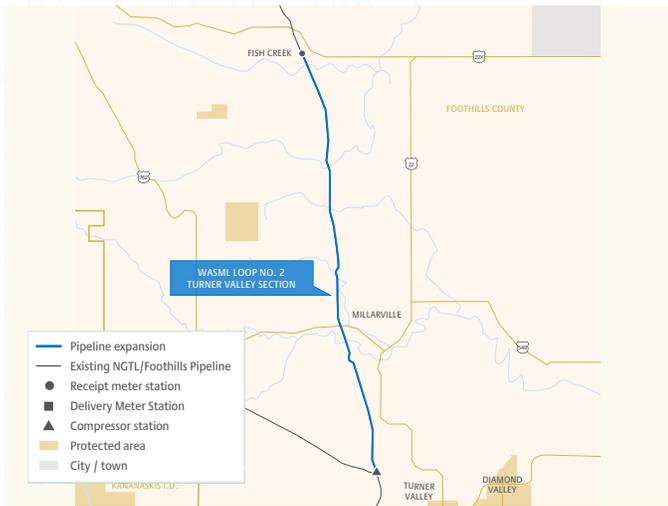

TC Energy follows the Official Languages Act and respects your choice to receive relevant information from us in English or in French. Please contact us if you prefer to receive French-language materials and updates.

# NGTL WEST PATH DELIVERY 2023.

NOVA Gas Transmission Ltd. (NGTL), a wholly-owned subsidiary of TransCanada PipeLines Limited (TCPL), an affiliate of TC Energy Corporation (TC Energy), is progressing future growth on our NGTL SysteMS. The NGTL West Path Delivery 2023 Project is necessary to supply growing demand in southwest A.B., southern B.C. and downstream North American markets, with natural gas produced in Western Canada. NGTL received approval with the Canada Energy Regulator (CER) under Section 183 of the Canadian Energy Regulator Act in Q4 2022, with an anticipated in-service date in Q4 2023. The Project is made up of three pipeline sections.

1. The Western Alberta System Mainline (WASML) Loop No. 2 Turner Valley Section
2. The Western Alberta System Mainline (WASML) Loop No. 2 Longview Section
3. The Western Alberta System Mainline (WASML) Loop No. 2 Lundbreck Section

## TURNER VALLEY SECTION

The Turner Valley Section consists of approximately 23 km of 48-inch diameter pipeline, located approximately 3 km northwest of the Town of Diamond Valley, A.B.

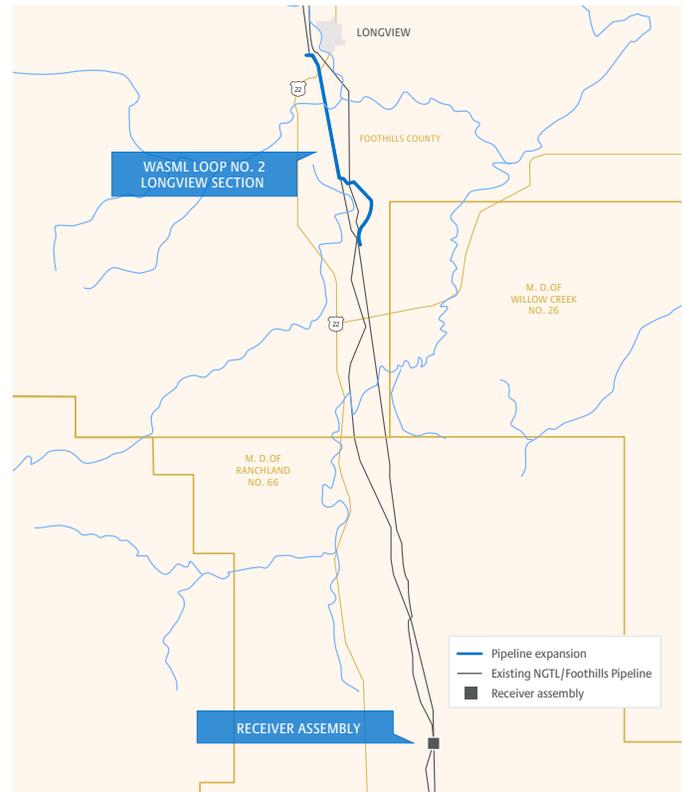

Q3 2019	Engagement Start
Q2 2020	Project Notification
Q4 2022	Approval Received
Q1 2023	Early Clearing and Access Prep Work
Q3 2023	Mainline Construction Start
Q4 2023	In Service Date

## LUNDBRECK SECTION

The Lundbreck Section consists of approximately 7 km of 48-inch diameter pipeline, located approximately 3 km northwest of Bellevue, A.B. within the M.D. of Pincher Creek, the M.D. of Ranchland and the Municipality of Crowsnest Pass.

Q3 2019	Engagement Start
Q2 2020	Project Notification
Q4 2022	Approval Received
Q1 2023	Early Clearing and Access Prep Work
Q3 2023	Mainline Construction Start
Q4 2023	In Service Date

## LONGVIEW SECTION

The Longview Section consists of approximately 9 km of 48-inch diameter pipeline, located approximately 8 km southwest of the Village of Longview, A.B., within Foothills County.

Q3 2019	Engagement Start
Q2 2020	Project Notification
Q4 2022	Approval Received
Q1 2023	Early Clearing and Access Prep Work
Q3 2023	Mainline Construction Start
Q4 2023	In Service Date
