Dear Mr. Quail and Mr. Rodier:

**NOVA Gas Transmission Ltd. (NGTL)  
Application for the West Path Delivery Project (Application)  
under section 58 of the *National Energy Board Act* (NEB Act)  
Notice of Public Hearing (Notice) and Application to Participate**

On 12 February 2018, the National Energy Board (Board) received NGTL's Application for approval to construct and operate the West Path Delivery Project (Project). In its Application, NGTL requested:

1. An order pursuant to section 58 of the NEB Act approving the construction and operation of the Project and exempting NGTL from the provisions of sections 30(1)(a) and 31 of the NEB Act<sup>1</sup>;
2. An exemption from the requirements of section 30(1)(b) and 47(1) of the NEB Act to obtain leave to open from the Board before installing certain tie-in assemblies for the Project;
3. An exemption from the 100% non-destructive examination requirement in section 17 of the *National Energy Board Onshore Pipeline Regulations* pursuant to subsections 48(2.1) and 48(2.2) of the NEB Act for certain low pressure piping systems associated with the Project; and
4. Such other relief that NGTL might request or that the Board might deem appropriate

---

<sup>1</sup> These exemptions relate to the requirements for a certificate, as well as plan, profile and book of reference requirements associated with the detailed route process.

.../2

NGTL has applied to construct 21.5 kilometres of new natural gas pipeline, two compressor station unit additions, and related facilities.

The proposed pipeline would begin at NGTL's existing Western Alberta System 110 Valve Site, located approximately 0.8 km north of the Town of Cochrane, AB, and end at NGTL's existing Western Alberta System 100 Valve Site located approximately 16.6 km west of the city of Calgary, AB within Rocky View County.

The Turner Valley Compressor Station Unit Addition would be located at NGTL's existing Turner Valley Compressor Station located approximately 3 km northwest of Turner Valley, AB, within Municipal District of Foothills No. 31.

The Burton Creek Compressor Station Unit Addition would be located at NGTL's existing Burton Creek Compressor Station approximately 39 km west of Claresholm, AB, within Municipal District Ranchland No. 66.

In its Application, NGTL requested that the Board establish a formal written process and schedule for consideration of the Application to provide interested parties an opportunity to make submissions and for NGTL to respond in order to ensure the Board has the information necessary for adjudication of the Application.

The Board received letters about the Project from: Mr. Costigan on 19 February and 2 March 2018; St. Peter's Lutheran Church and Mr. and Ms. Mostaghel on 26 February 2018, respectively; Mr. Block on 27 February 2018, Mr. and Ms. Drewry on 28 February 2018; McKendrick Ranches Ltd. on 10 April 2018; and O'Chiese First Nation on 11 May 2018.

On 28 February 2018, NGTL filed a response to letters received from Mr. Costigan, Mr. and Ms. Mostaghel, St. Peter's Lutheran Church, Mr. Block, and Mr. and Ms. Drewry. On 24 May 2018, NGTL filed a response to comments received from O'Chiese First Nation's letter.

### **Decision with respect to Completeness of the Application and Legislated Time Limit**

On 14 June 2018, the Board determined that the Application is complete and may proceed through the assessment process.

The Chair has specified that, under subsection 58(4) of the NEB Act, the time limit for the Board to issue an order or dismiss the Application is 15 months from today's date (14 September 2019). The time limit represents the maximum time in which the Board will complete its assessment, subject to any modifications allowed under the NEB Act.

## **Decision with respect to Process**

Having considered the submissions described above, the Board has decided to hold a public hearing regarding NGTL's Application under subsection 24(3) of the NEB Act. This will enable participants to provide their views to the Board. Participants will also have the opportunity to obtain participant funding, which should assist in their ability to provide further submissions to help the Board understand all concerns and how best to mitigate them.

The Board will continue to finalize the hearing process and timelines, and will provide more information in a Hearing Order and List of Issues shortly. These documents will eventually be posted on our [website](#).<sup>2</sup>

## **Hearing Participation**

With respect to participation in the hearing, in the Board's view, all of the persons who provided comments to the Board have sufficiently demonstrated they are either directly affected by, or have relevant knowledge about the Project. Therefore the Board has decided to grant pre-decided standing in the hearing to Mr. Costigan, St. Peter's Lutheran Church, Mr. and Ms. Mostaghel, Mr. Block, Mr. and Ms. Drewry, McKendrick Ranches Ltd. and O'Chiese First Nation. The Board has also decided to grant pre-decided standing to Indigenous groups, municipalities and landowners and occupants who are directly affected by the Project. The Board invites all persons granted pre-decided standing to register through the Application to Participate system, described below, by **12 July 2018**. If your standing is pre-decided but you have not registered by **12 July 2018**, you will not be on the List of Participants. The list of those granted pre-decided standing is found in Appendix D.

The Board also invites all interested persons other than those listed above who wish to participate in the hearing to apply to participate using the online Application to Participate form which will be available at [www.neb-one.gc.ca/applytoparticipate](http://www.neb-one.gc.ca/applytoparticipate) for a period of 2 weeks: from **28 June 2018** to **12 July 2018**. Applicants must clearly, and in sufficient detail, describe their interest in relation to the List of Issues. Those applicants who demonstrate, to the satisfaction of the Board, that they are directly affected by the proposed Project will be allowed to participate in the hearing and those with relevant information or expertise may be allowed to participate.<sup>3</sup>

Further details about participating in the hearing can be found in the Notice of Hearing (Appendix A) and on our [website](#).<sup>4</sup>

## Participant Funding

The NEB's Participant Funding Program (PFP) has announced \$250,000 to assist eligible individuals, Indigenous groups, and non-industry not-for-profit groups intervening in the hearing process. Please apply for funding by **12 July 2018<sup>5</sup>**. This is in addition to the Application to Participate form described above under Hearing Participation as the PFP is administered independently of the hearing process.

Groups can request up to \$80,000 and individuals can request up to \$12,000. For information on eligible costs and to download the PFP application form, please visit <http://www.neb-one.gc.ca/pfp> or contact the Participant Funding Coordinator at [PFP.PAFP@neb-one.gc.ca](mailto:PFP.PAFP@neb-one.gc.ca) or 1-800-899-1265 (toll-free).

## Dispute Resolution

The Board encourages NGTL and affected persons to continue to collaborate outside of the regulatory process in order to find potential solutions to address issues of interest to both parties, including those on the List of Issues.

In addition, the Board's Alternative Dispute Resolution (ADR) specialists are also available, at the request of the parties, to facilitate or mediate such discussions to help them reach resolution outside of the hearing process, to the extent possible. For more information about the Board's ADR services or if you are interested in using the Board's ADR services, please email [ADR-MRD@neb-one.gc.ca](mailto:ADR-MRD@neb-one.gc.ca) or call 1-800-899-1265.
