

# TC ENERGY IN WYOMING

We are a team of 6,500+ energy problem solvers connecting the world to the energy it needs. Our extensive network of natural gas infrastructure assets is one-of-a-kind. We seamlessly move, generate and store energy and deliver it to where it is needed most, to homes and businesses in North America and across the globe through LNG exports. Our natural gas assets are complemented by our strategic ownership and low-risk investments in power generation.

With our presence across the continent, we also support jobs and generate long-term economic opportunities. Our people play an active role in building healthy, vibrant and prosperous communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. Visit [TCEnergy.com](https://www.tcenenergy.com) and connect with us on social media to learn more.

## TC in North America

Unique footprint and portfolio mix.

### WE DELIVER...

natural gas to Canada, the U.S. and Mexico, including to export terminals that ship LNG globally.

### WE GENERATE...

electricity in Canada and the U.S., primarily nuclear, but also from natural gas, wind and solar energy.

### WE STORE...

natural gas in Canada and the U.S. through both regulated and non-regulated businesses.
