

# Youth Energy Safe Award

TC Energy would like to recognize youth from not-for-profit organizations such as Girl Scouts of the U.S.A., 4-H and the National FFA Organization for committing to safe digging practices when undertaking improvement projects in their communities.

Our goal is to teach the next generation the importance of calling/clicking before digging. Request a locate prior to any project that entails excavating or disturbing the ground in order to protect underground utilities such as gas, water and sewage lines from being damaged. Examples of digging projects include planting trees, shrubs, or flowerbeds, installing a mailbox or fence, or building a deck.

## The Youth Energy Safe Award can be earned by:

- Requesting a locate service for a project in a state where we operate (see [www.TCEnergy.com/maps](http://www.TCEnergy.com/maps)).
- Submitting the completed application form and a W-9 form to [public\\_awareness@tceenergy.com](mailto:public_awareness@tceenergy.com).
- Once received, the application will be processed for a charitable grant of \$1,000. Please note, this can take up to six weeks.
- Participants are encouraged to share “selfies” and/or photos of their digging projects to be shared on TC Energy’s social media.
- When submitting photos, please fill out our photo release form.

## Here’s how it works:

- Before digging, call 811 or visit [www.Call811.com](http://www.Call811.com) at least two business days in advance of your project.
- A One-Call representative will ask for the location and details of the project.
- Utility companies will then send a professional locator to the proposed dig site to mark the buried utility lines with marker flags and/or paint.

Remember to carefully dig around the marked areas, not on them. Also, please keep in mind that time, erosion or root growth can shift the locations of underground utility lines. It is important to call for every project regardless of repeated locations. For more information on this program, visit [www.youthenergysafe.com](http://www.youthenergysafe.com).

TC Energy thanks you for your interest in passing on the knowledge of 811. We look forward to seeing your next project!

# Application form

**Please note all information is required for this application.**

One Call ticket reference number: \_\_\_\_\_ State: \_\_\_\_\_

Brief description of digging project: \_\_\_\_\_

## Organization information

Contact name: \_\_\_\_\_ Email: \_\_\_\_\_

Address: \_\_\_\_\_ Phone number: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip code: \_\_\_\_\_

Describe your affiliation with the organization (i.e. Leader, district representative, member, etc.): \_\_\_\_\_

Total number of participants: \_\_\_\_\_ (total number of volunteers that participated)

I, \_\_\_\_\_, confirm that on the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_

\_\_\_\_\_ has completed the requirements  
(Name of organization)

necessary to receive the **Youth Energy Safe Award**.

Please submit form to [public\\_awareness@tcenergy.com](mailto:public_awareness@tcenergy.com).

## Employee use only

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip code: \_\_\_\_\_
